

# COVID-19 TRAINING RECORD SHEET For Carriage Driving

To be used for household members accompanying a participant to help them take part in RDA carriage driving sessions.

RDA Group: .....

Participant Name(s): ..... Session Date(s): .....

Explanatory notes:

This training record is intended to replace the need for an individual Basic Training Record Card (green card) to be issued for the following types of helper:

- Those attending as a "household member" of a participant to help with their RDA carriage driving session(s)

It is intended that this should simplify the system for this important group of helpers, so they do not need to complete a volunteer application form or disclosure check, but do need to complete this form, along with a Covid-19 volunteer consent form.

Groups are reminded that it is the responsibility of the RDA CD Coach to ensure that the helper has received the appropriate training for their role, but also has the final say as to their suitability to help in the session.

**By signing below, you agree that you have received the appropriate introduction to the Group environment and activities and acknowledge the RDA Health & Safety and Covid-19 Guidelines**
