

Things to think about when filming

- Where possible please avoid anything that provides personal or identifying information in the background or setting where the video is taking place.
- That you only have the horse and rider combination in the film that you are recording
- Make sure all competitors and leaders are wearing the correct competition dress and no inappropriate clothing is being worn.
- Do not share the video content with anyone else apart from uploading the image onto YouTube and Horse Monkey
- Please make sure you use own device to record.
- Where possible use the minimum amount of devices to record the film.
- The device you have used for the recording will need to have a secure Wi-Fi connection to upload the video onto Horse Monkey.
- If needed please connect the device used to record to a laptop or computer rather than sending via an email or file transfer.
- Please make sure you delete the video from your device once you have uploaded it onto YouTube/Horse Monkey and received an email confirmation.
