COMMERCIAL RATE

Worm egg count:**£5.50 + VAT per sample** (£6.60 inc. VAT @ 20%)**Pinworm adhesive tape test:****£3.00 + VAT per sample** (£3.60 inc. VAT @ 20%)

A worm egg count is predominantly used to detect redworm (except encysted stages) and roundworm but all parasites seen in a sample will be identified and reported. A pinworm test is only suggested if you see potential signs of infection such as itching. Other tests to detect infection levels of tapeworm, liver fluke and lungworm are also available from Westgate to help you target your worm control plan, see our website for details.

Yards of 10 + horses may apply to access our commercial rates. Once approved yards may use this rate to test any number of horses at one time, no min. sample number. Discount vouchers may not be used with our commercial service.

17.		<input type="checkbox"/>	
18.		<input type="checkbox"/>	
19.		<input type="checkbox"/>	
20.		<input type="checkbox"/>	

Collecting the sample

The dung should be as fresh as possible but can still be posted the day after collection.

1. Use the glove to pick up about five small pinches from different places of a fresh dung pile.
2. Press the dung into the sample container, **filling it to the top to exclude the air gap**; this ensures we have sufficient dung to test and also helps to preserve sample freshness.
3. Label the sample with horse's name and number it if you are sending more than one sample in the envelope. Please write in ball point pen as water based inks may wash off.
4. Put the container in the plastic bag.

What to Include in the Return Envelope

- ☒ Faecal sample(s), labelled and bagged
- ☒ Any adhesive tape sample(s), labelled and bagged
- ☒ Completed paperwork
- ☒ Payment or voucher into the post paid return bag

Your Online Account History

Access records of all your animal test results and online orders by logging on to our website at www.westgatelabs.co.uk/login/.

If you haven't accessed this facility before but have an account with us please enter your registered email address and choose the 'Forgotten Password' option.

Your Data

As a customer of Westgate Labs we may send you letters, emails or text messages or telephone you to provide services to you.

With your permission we may also send reminders to let you know when your next tests are due and occasional email newsletters. If you wish to opt in to receiving these please indicate this overleaf.

We hate SPAM too and will never share, sell, rent or otherwise disclose your personal data to any third party, without your consent. You can opt out of marketing messages at any time by managing the preferences on your online account.
